

*Preparing for Christmas and the holidays
...should be exciting and fun!*

Come out to Parkland Garden Centre and do your holiday shopping in one stop.

*We have gifts to suit all ages, including unique collectable ornaments and beautiful giftware. If you are having a difficult time deciding, why not give a **gift certificate** and let that special someone choose for them self. Our magnificent poinsettias and houseplants are always a welcome gift.*

Be sure to visit our wonderful Ice Sculptures and then come in to enjoy a cup of hot cider while you shop with your family. (Date of set up is weather dependent).

Did You Know...

Parkland Garden Centre has a unique line of Christmas ornaments and trees. Our buyers travel great distances to bring the latest trends in Christmas and every day giftware to Central Alberta. Parkland has over 25 themed trees for you to admire and shop from. This year we have a second location in the Bower Mall showcasing some of our unusual products. Seeing is believing! Come *“Experience a Country Christmas”* at Parkland!

Gift Baskets, Dish Gardens and more...

If you're not sure what to purchase for a gift and you want something different try our unique dish gardens or gift baskets.

Dish gardens contain a wide selection of small live plants including miniature Christmas trees, tiny poinsettias, and small house plants along with festive ornaments and enhancements, all planted in colourful Christmas containers ready for gift giving. They make great housewarming and host/hostess gifts as well.

Or we can make up festive gift baskets filled with our many gardeners' delights. You just pick out the items or give us a theme and we can put it all in a colourful festive gift basket arrangement that is sure to surprise your special someone.

On the other hand, you can also simply purchase a gift certificate in any amount and let the recipient make their own choices.

Come in and experience the wonders of Christmas while you wrap up your Christmas shopping at Parkland Garden Centre!

Fresh Fragrant Decor...

For the finest in classic Christmas décor, use fresh, fragrant, evergreen accents. We import a fabulous selection of both traditional and unusual evergreen boughs, swags, wreaths, garlands and more. All are sold wrapped for the cold and with floral preservatives for maximum freshness and longevity. We also carry stems of berries, holly and a wide selection of all sizes and types of pinecones. To help you with the "how to" we also carry a wide selection of floral arranging supplies and candles and we are also offering a number of "hands on" workshops to help you do it yourself. For more information see the course listing at the back of this newsletter, visit our website at www.parklandgarden.ca, or call 403-346-5613. Or we can make it for you with just a phone call or visit to our store.

Success with Christmas Cactus (Zygocactus)...

Christmas Cactus is one of the tropical cacti; not desert cacti. That means that they will not withstand colder temperatures and that they are not drought tolerant as are the desert cacti. They are grown in regular houseplant potting mix, in a pot with good drainage. They require full sun in winter months but need partial shade in summer. Allow only slight drying between watering and never overwater. To induce flowering, provide slightly cooler temperatures at night and shorter days from September on. A flowering plant fertilizer such as Plant Prod 15-30-15 or 15-15-18 will also help to encourage flowering.

Christmas Trees...

1. Fraser Fir - beautiful blue colored, sheared for a pyramidal shape; great fragrance
2. Balsam Fir – sheared pyramidal shape, dark green foliage, very fragrant
3. Scotch Pine – rich, long needled, excellent fragrance
4. White Pine – in short supply, so call to place your order
5. Concolor Fir – silver all over
6. Larger trees up to 12ft.

To order any of the above trees, please call 403-346-5613.

Trees will be available after November 25.

How to Care for Fresh Cut Trees...

- No matter what was done at the tree lot, cut a couple of inches off the bottom of your fresh Christmas tree immediately before you put it in the stand. The process of sap blocking the water uptake system of a natural Christmas tree starts as soon as it is cut and begins to warm up. It is worth your while to put the effort into cutting off the bottom when you get home.
- Fraser fir is considered the longest lasting of the real Christmas trees available here. No matter how fresh they start out, and no matter how much water you get them to take up, well-cared-for, your Fraser should last up to four weeks.
- You cannot over-water your cut Christmas tree. A seven-foot tree should take up a good litre of water per day in the first week indoors.
- Real Christmas trees are rarely the cause of allergy attacks. They do not give off pollen. More likely culprits are the old decorations unpacked to put on the tree, the old tree stand and water that doesn't get taken up by the tree. If you have an artificial tree, the dust and mould it collects over the years may cause allergy attacks as well.
- You should not chop up your Christmas tree for the fireplace in January. Sappy softwoods contribute to creosote build-up in your chimney.

To Do List for December/January...

<input type="checkbox"/>	Be sure to check regularly any tubers and corms that you have stored to ensure they don't dry out completely.	<input type="checkbox"/>	This is the ideal time to study the bare bones of your garden. Is it balanced? Does it have winter appeal? Are there shrubs with berries to attract birds?
<input type="checkbox"/>	Catch up on reading garden magazines and books for fantastic new ideas that you can incorporate into your yard. Parkland Garden Centre has a wide selection of books from which to choose.	<input type="checkbox"/>	Come to Parkland Garden Centre to see our world famous Ice Sculptures being created. Each year brings a new theme which will be unveiled in mid-December depending on the weather. You won't want to miss them.
<input type="checkbox"/>	Check regularly that your bird feeders are clean and filled. Parkland has a wide variety of food and suet to attract all birds.	<input type="checkbox"/>	Mark your calendar – December 4 is the day for Holiday in the House Courses! Call soon to register at 403.346.5613.
<input type="checkbox"/>	Do your Christmas shopping in one easy stop! Parkland Garden Centre has great gifts for everyone in the family. We carry a wide selection of gardening supplies, indoor and outdoor furniture, statuary and fountains, giftware for women, home décor, candles, candleholders, Heritage lace, children's items, as well as Dept. 56 and specialty items. We also recommend gift certificates of any denomination for your gift giving convenience.	<input type="checkbox"/>	Plan next year's garden projects. This is the perfect time to call to talk to our Landscape Designer for assistance. All of our garden seeds arrive in early to mid-January as well. Drop in and get lost in central Alberta's widest selection and check out what's new for 2011.
<input type="checkbox"/>	Visit Parkland Garden Centre to view the many Christmas-themed trees and other decorations for the season.		As winter doldrums set in, visit the tropical paradise of Parkland Garden Centre. It's the ideal location for your garden luncheon!
<input type="checkbox"/>	Take home our special cooking oils displayed as well as numerous dips, packaged ciders and hot chocolate mixes and some Saskatoon champagne for the holiday and winter season.		Water your shrubs if there is no snow. Also, Cloud Cover or Wilt Proof should be applied to your evergreens to prevent winter browning if you haven't done so yet.
